Training Event Descriptions

Fatherhood Is Sacred™ and Motherhood Is Sacred™ Facilitator Training: This program provides parenting curricula developed by a Native American father to enable parents to strengthen character and integrity by progressively building upon five proven and motivating principles of Native American heritage. Participants gain a deeper understanding of how to strengthen and unite families through responsible fatherhood and motherhood. The program was designed specifically to create a link among past, present and future generations. The Fatherhood Is Sacred™ and Motherhood Is Sacred™ curriculum is copyrighted. Facilitators are trained and certified by NAFFA, allowing them to implement the program. The cost for individual certification is \$1,800 and the cost for agency certification is \$1,200.

Linking Generations by Strengthening Relationships Facilitator Training: This program provides individuals with the knowledge and skills to assist fathers, mothers and families to enhance their capacity to promote healthy relationships including courtship and marriage, adult siblings, children within the family, and general relationships. Building strong relationships is an important key to success in all aspects of life. Some of life's greatest joys and greatest sorrows come from relationships with our families and communities.
