Building Capacity in Adult Drug Courts

Kirstin Frescoln

Consultant, Facilitated Community Solutions

Many drug courts face the ongoing challenge of maximizing the number of appropriate offenders served by their programs. This presentation offers strategies and tools that adult drug courts can use to increase their capacity.

February 10th
1:00 pm (EST)

Procedural Fairness

Hon. Kevin Burke

District Judge, Hennepin County, Minnesota

Drug courts have established a solid track record of producing positive outcomes for participants; the challenge for practitioners is to insure that they're fair as well. The concepts of trust and legitimacy in adult drug courts are explored in this presentation.

Implementing Evidence Based Practices

TBD

The bridge from science to service must be built, repaired, maintained, and improved. This presentation discusses a purposeful, active, and effective approach to implementation of evidence based practices.

REGISTRATION INFORMATION TO FOLLOW

The Center for Court Innovation works to strengthen statewide drug court systems across the United States. Through technical assistance and training, the Center aims to improve statewide drug court systems in the following key topic areas: Planning, Operations, Technology, Evaluation and Institutionalization. To accomplish this goal, the Center utilizes a wide array of resources, including on-site technical assistance from nationally recognized experts, distance learning opportunities and multi-media activities customized to meet the specific needs of individual jurisdictions. The Center's Statewide Drug Court Training and Technical Assistance Program is supported by the United States Department of Justice, Bureau of Justice Assistance.
